EXPERIENCE

Show Technical Production Management Intern, Walt Disney Imagineering

JUN 2026 - DEC 2026
ORLANDO, FL

- Onsite technical direction & design integration for all show systems in production of high profile land at Walt Disney World.
- Working on safety compliance, hazard analysis, solving technical challenges that come up in-field, and overall integration between creative and technical teams.

Interactives Design Intern, Universal

JAN 2026 - APR 2026
ORLANDO, FL

Creative Immersive Experiences and Play

- Used Photoshop, Maya, & Unity to create sketches, storyboards, & animatics for presentation to IP and Project Teams, researched emerging technologies for in-park integration, created game design documentation for interactives, & designed, developed, & presented material for internal showcase event.

Project Management Intern, Life Formations/ LF Studios

JUL 2024 - AUG 2024
CINCINNATI, OH

- Created & managed comprehensive documentation (assurance, operational, & maintenance) & production schedules for 60+ animatronic builds for several theme park projects, covering full production lifecycle from digital design to fabrication.

Facility Supervisor, Texas Recreational Sports

AUG 2023 - DEC 2025
AUSTIN, TX

- Gained guest operations experience by managing a team at the largest recreational sports facility on campus (Facility Assistant from 2023-2024)

President, Texas Theme Park Engineering and Design

JAN 2025 - DEC 2025
AUSTIN, TX
